

Central Ohio Behavioral Medicine

Insurance Information

We are currently in-network providers for OSU Health Plan, OSU Student Health Plan, and Ohio Health. We are not taking any new referrals for Medicare or Medicaid.

Please check with your insurance carrier as soon as possible, to verify that your visit will be covered under your health plan. If this is not done, you may find that the psychiatrist you are seeing is a non-approved provider. Please call 614-538-8300 if you need assistance with this process.

We will be happy to file all claim forms for you but be aware that ALL deductibles and copays are due at the time of service.
